Sub: Job and Education opportunities in Maritime Sector in India - Reg.

Dear Madam/Sir,

Efforts are being taken by the Government of India for the Maritime Sector as it is an important sector with high growth potential economy within the next few years. The key initiatives of the Ministry of Ports, Shipping, and Waterways, viz. Sagarmala, MIV 2030 and MAKV 2047 envisage generation of jobs in shipping & ports for Indian youth. MIV 2030 specifically aims to achieve a share of 20% Indian seafarers in the global market. Aligning with MAKV-2047, India's maritime sector is projected to secure approximately ₹8 Trillion in investments and generate around 15 million jobs by 2047.

The Green Tug Transition Programme, Harit Nauka Green Transition Programme for Inland Vessels, Development of Green Hydrogen Hubs in Major Ports, Cruise Bharat Mission, Maritime Development Fund, River Cruise Policy, Lighthouse Tourism Initiatives, MIV 2030 and MAKV 2047 are policy initiatives which will usher in fast-paced and sustainable growth and consequent job creation in diverse sectors of maritime industry. The details of the initiatives are available in www.shipmin.gov.in website.

The renewed thrust of the Government being given to make India regain the top position in Ship Building, Ship Repair and Ship Recycling is likely to create unprecedented demand of skilled workforce in these sectors.
